VERSION 2.0. The new conversion will be one of the European styled vans currently available on the American market. The following concept drawings are based on the 2015 Ford Transit, but can easily be adapted to the Ram ProMaster or the MB Sprinter. The Ford Transit is a range of light commercial vehicles produced by Ford since 1965. Sold primarily as a cargo van, the Transit is also built as a passenger van (marketed as the Ford Tourneo since 1995), minibus, cutaway van chassis, and as a pickup truck. Watch all my videos on YouTube! The conversion of my van has been a slow-going process, primarily because the weekly videos on YouTube and the other social media are taking too much time away from the conversion. The Ford S-Max (stylized as Ford S-MAX) is an MPV produced by Ford Europe for the European market. Ford also describes the S-Max as an SAV. Introduced at the 2006 Geneva Motor Show, the S-Max went on sale alongside the new generation Galaxy in June 2006.
